A Life Changing Experience

A trip to Israel is always special but a mission to our biblical homeland with One Israel Fund is a life-changing experience. Beyond any simple tour, with One Israel Fund, you'll meet the wide range of personalities that are modern day Israel.

Our hand picked tour guides are not simply reciting about places in Israel—they are Israel. Highly experienced, each of our professionals brings their passion to every day of your tour. Each travel day is carefully planned to combine heritage with history, excitement with enjoyment and moving experiences that will change the way you view our land.

Whether it be an evening tour of a newly discovered archeological site, a private meeting with a member of Israel's cabinet or being the special guest at a community concert, our missions strive to connect with those most important—the people of Israel.

What We'll Do Together

Each mission is different—we are constantly investigating new and different experiences for our guests. At the same time, we have long standing relationships with hotels, restaurants and ground agents that help service our groups. With One Israel Fund, you can rest assured that all of our guests are always treated like VIP's.

Past missions have met with Israel's top political leaders and received private briefings. We show support to the Israel's defenders by visiting some of Israel's most elite elements of Tzahal (air force, tank and special forces units are always on the itinerary), visit YESHA's pioneering communities and tour some of Israel's most special sites.

Join the Family

We've brought hundreds of our guests to Israel over the years. Each becomes a member of the One Israel Fund extended family as we share once in a lifetime experiences. Whether it is meeting Israel's living history, visiting the rebirth of our biblical homeland or a Shabbat meal under the stars, every One Israel Fund mission is a unique experience. It's a chance to make new friends, celebrate with old ones or bring a family closer together.

One Israel Fund attracts many different types of people with different levels of observance to our missions. While we observe strict levels of kashrut and follow orthodox guidelines on our missions, all of our guests are welcome and feel comfortable—**after all, you're family!**

What's Included

Some have called us the club med of Israel- that's because almost everything is included in your package price. The cost of the mission includes your stay in a five star hotel, full touring with our professional guides, most meals (including Shabbat), admissions, and transfers to/from the airport and even the water bottle on the bus. You won't need to tip the bellman that brings the luggage to your room—we've also taken care of that!

Travel is by luxury coach and all precautions are taken to ensure the security of the group. A member of One Israel Fund's Israel staff is with the group at all times to ensure that every moment of your tour is a special experience.

Skimping on our guests isn't in our vocabulary.

Most itineraries include concerts (Israel Philharmonic), Jeep rides (the Judean Desert or Golan), meals at Israel's nicest eateries (you choose the menu, we don't).

Are there cheaper ways to go to Israel? Probably-- but no one offers better value.

Choices to Make

Should you choose our air/ground option, your travel will be with our group via El Al, Israel's national airline. You'll be seen off in New York by our staff and welcomed as soon as you enter Israel. From that time until the end of the trip, we'll see to your comfort, needs and do everything possible to assure you a **meaningful and hassle free trip.**

If you already have air arrangements, then our ground only package is best for you. This package includes all parts of the package except for the air ticket and airport transfers.

Need a special meal or have some other request? Just let us know in advance and we'll do our very best to accommodate. Someone in your family celebrating a Simcha? Let us know and we'll make it our Simcha—after all, you're with family. Need a phone? Let us know in advance and it will be sent to you before you leave.

Custom Trips for Groups

We specialize in arranging missions to fit the group— Synagogue groups, Bar/Bat Mitzvah missions, Missions for Families with young children are all specially designed to give your group the best experience possible. Contact our office so we can forward a specialized itinerary—we'll work together to design a trip that best meets your needs. Want to spend more time in the North? **It's our pleasure.** Like to visit an army base? We'll be proud to take you. Dinner under the stars in the old city? No problem. We will do our utmost best to meet every reasonable request.

I'd like to Stay Longer, Arrive Earlier

It would be our pleasure to arrange a trip extension or pre trip arrival. **Contact our office for details.** Also, we can make travel arrangements from virtually anywhere.
